

Felipe Rodrigues Ascari

Senior Software Engineer · Go · AWS · Distributed Systems

Brazil (Remote) | felipeascari@gmail.com | linkedin.com/in/felipe-ascari | felipeascari.dev

SUMMARY

Go backend engineer with 15+ years in production systems, working on pricing, logistics, and fiscal records. Java for over a decade, Go since 2022. Designed a Go pricing engine at McGraw Hill. Built Go services at Mercado Livre for Mercado Envíos, a pipeline shipping 3.7M items/day across LATAM.

SKILLS

PROGRAMMING

Go TypeScript / Node.js Java Solidity SQL

BACKEND

Event-Driven Microservices DDD Clean Architecture gRPC GraphQL Kafka / NATS

CLOUD

AWS (Lambda, SQS/SNS, ECS/Fargate, Step Functions) Azure Kubernetes Terraform GitHub Actions Docker

DATA & OPS

PostgreSQL Redis DynamoDB MongoDB Prometheus Grafana Datadog OpenTelemetry New Relic

AI TOOLING

Agentic Workflows LLM APIs (Claude, Grok) GitHub Copilot OpenAI Codex

EXPERIENCE

Senior Engineer, McGraw Hill · USA, Remote · Sep 2024 - Present

- Architected a DDD-based Go pricing engine to replace offer logic that lived in four separate sources. Reduced pricing errors by 30% and cut manual operational effort by 40%.
- Designed serverless AWS workflows to replace manual financial processes using Lambda, SQS/SNS, and event-driven state machines. Built custom New Relic dashboards. The service processed 2.17M requests in 6 months at Apdex 0.99.

AI Expert Trainer, xAI · via micro1, Remote · Apr 2026 - Jun 2026 (Part-time contract while at McGraw Hill)

- Evaluated Go repositories and ranked model outputs from Grok and Claude Opus. Submitted original Go projects as evaluation benchmarks for model training data.

Senior Engineer, Mercado Livre · Brazil, Remote · Jan 2022 - Sep 2024

- Built a TypeScript BFF to aggregate and decorate data from Mercado Envíos and Mercado Pago backends. Served frontend clients and partner systems through a consistent API contract. Coordinated shipping forecast and payment flow integrations across LATAM's largest marketplace.
- Implemented event-driven Go microservices for the Mercado Envíos logistics pipeline shipping 3.7M items per day across LATAM within a squad p99 budget of 100-200ms. Led technical reviews and owned critical shipment flows end-to-end.
- Owned the package-vs-vehicle cost calculation for the daily logistics plan. Replaced spreadsheets with systematic carrier contract analysis that eliminated unnecessary truck reservations.

Software Architect, Ambev Tech · Brazil, Remote · May 2021 - Jan 2022

- Operated fiscal document issuance (CT-e, MDF-e, NF-e) across AB InBev's distribution network covering 89 centers, 207 distributors, and 1M points of sale. Led a migration to Azure cloud and completed security remediation to AB InBev standards.

Software Architect / Senior Developer, Betha Systems · Brazil, On-site · Jan 2010 - May 2021

- Progressed from senior developer to architect over 11 years. Led technical and architecture decisions across engineering teams. Served as dedicated architect for one product squad across 6 core municipal finance modules for 3 years.
- Designed and operated government financial systems for 850+ municipalities across 23 states, including accounting, treasury, and fiscal transparency. Enforced engineering quality gates with 0% critical defects and 80%+ test coverage.
- Migrated from J2EE monoliths to a multi-tenant cloud architecture serving 3,000+ public agencies without interrupting active fiscal operations.

WRITING & OPEN SOURCE

Publishes technical articles on Go internals, concurrency, and OpenTelemetry at felipeascari.dev, Medium, dev.to, and LinkedIn. Built cashback-platform, a Go monorepo that issues ERC-20 cashback tokens on Ethereum with go-ethereum, Solidity, NATS JetStream, and gRPC. Also built and maintains ai-config, a library of agentic AI workflows and LLM tooling.

EDUCATION

Postgraduate in Software Engineering, IPG, Brazil · 2011-2013

B.Sc. in Information Systems (Honorable Mention), University of Southern Santa Catarina, Brazil · 2006-2009

Languages: Portuguese (Native) · English (Professional Working Proficiency) · Spanish (Intermediate)
